

Question about design of Future Smith

Dejan
09/26/18

First of all, we'd better share the name convention of items on your project.

My suggestion from your requirement is:

1. Guest who doesn't sign up.
2. Visitor for a tribe who has already signed up, but doesn't join a tribe. \
3. Tribe member for a tribe.
4. Project member for a project.
5. Tribe owner who has created this tribe. Is there another way to become a tribe owner except for creating tribe?
6. Project leader who has created this project. Is there another way to become a project leader except for creating project?
7. Sponsor who donates. It doesn't care about whether he doesn't sign up or has signed up.

Right?

Q1: Project Detail (1)

These two designs are for 'project details'. What are different from each other?
I think left one is for guest who doesn't sign up and right one is for project member and project leader.

Right?

Backyard Bike Crew

Hawthorn 16 members 12 Jan 2017 - Ongoing

[Request to Join](#)

We are a group of passionate local volunteers, the Backyard Bike Group. We help people gain knowledge and confidence in maintaining safe and enjoyable bicycles through hands on workshops. We're looking at adding some new activities to our repertoire, so would be keen to hear from new tribe members. We're thinking of hosting a few riding sessions for people who want to get back into riding and for those who are looking for company when riding. Every Second Wednesday we host an event called 'Bike Talk and Oil Gatherings' We'd love you to join the crew, the more the merrier!

PROJECT DETAILSDISCUSSION

3 of 25

Location: Melbourne

Volunteers needed: 12 / 52

Topic: Arts, Technology

Skills required:
Communication Skills, Curiosity, Teaching

Our Mission: *"People helping people enjoy technology"*

Who are we..?

The Computer Companion Project began with the general observation that many Australians were struggling to get the most from their expensive IT devices.

The recently released the *Australian Household Use of Information Technology Report* says we are doing more online, and we generally are using an increasing number of connected devices. Our homes are more connected....but:

Rich text formatting (images, formatting)

Q2: Project Detail (2)

2-1: The icon ‘You are a leader of this Tribe(May be Project)’ is just icon? Not button? Or is it drop down menu?

2-2: I think the number of volunteers needed (for example below is 52) is inputted when you create a new project. Right? But I can’t see any design for creating or editing a project.

2-3: the topic for a project can be more than one? Not just one?

2-4: Skills also can be inputted on creating page. But I can’t see any design for creating or editing a project.

Q3: Tribe Detail (1)

3-1: left one is for a user who doesn't join this tribe, right one is for tribe member or tribe owner. Right?

3-2: in right picture, the button 'leave this tribe' is the child item of drop down menu from 'you are a leader of this tribe' icon?? Explain those buttons.

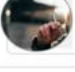

Q4: Tribe Detail (2)

4-1: you said this is not pop up dialog.
Right?

4-2: if so, do I need to show member
list on normal page when you click 'see
all' button on previous tribe detail
page?

Q5: Tribe Edit (1)

5-1: can the topic for a tribe be more than one? Or just one? I already asked similar question about project topics.

Q7: suggested projects near you

7-1: it may be for mobile size, so what about full width page size design? I can't see it.

7-2: what does it mean : 'suggested projects near you'? How can I get those projects for a specific user?

7-3: icon 'near you' is a drop down menu? What items can be in drop down menu?

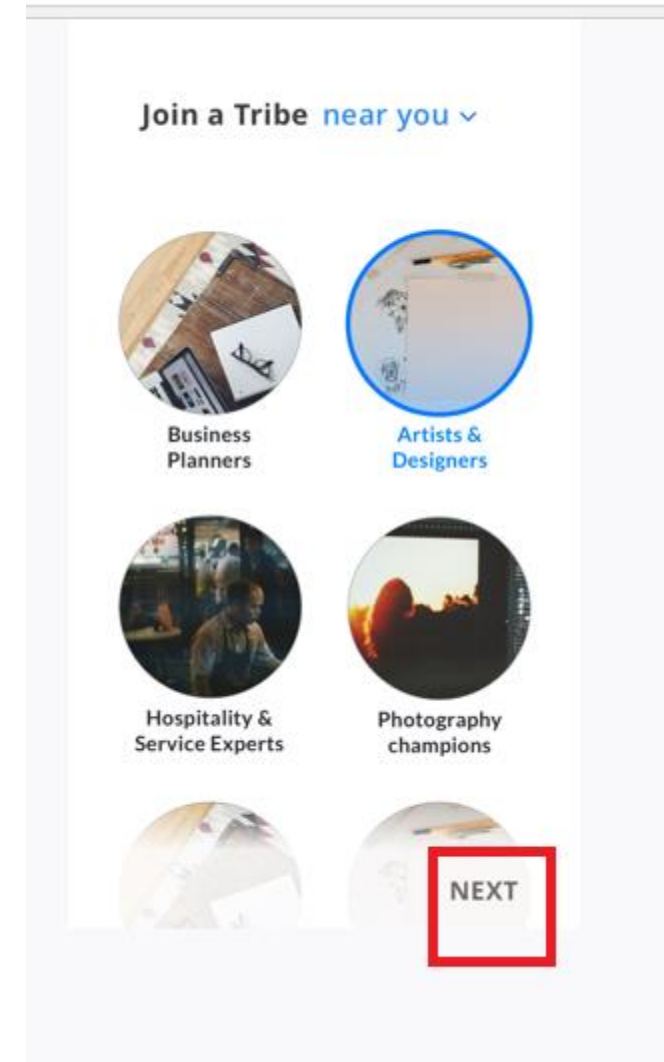

Q8: tribe near you

8-1: it may be for mobile size, so what about full width page size design? I can't see it.

8-2. when does it show? I don't understand how I can be lead to this screen.

8-3: what does it mean : 'tribe near you'? How can I get those projects for a specific user?

Q9: sign up (1)

9-1: it may be for mobile size, so what about full width page size design? I can't see it.

9-2. when does it show? I don't understand how I can be lead to this screen.

9-3: all guests need to input their nickname with their avatar, right?

The image shows a sign-up form for 'FUTURESMITHS'. The form is titled 'FUTURESMITHS Sign Up'. It contains two input fields: 'What do you call yourself?' and 'What do you look like?'. Below the second field is a button labeled 'Pick a profile picture'. At the bottom right of the form is a button labeled 'NEXT'. A blue arrow points from the text 'I don't understand how I can be lead to this screen.' to the 'What do you call yourself?' field. A red box highlights the 'NEXT' button.

Q12: tribe details (3)

12-1: I am confused about several designs for tribe detail. Can you explain each design? Which one is for what?

Q13: Project List (1)

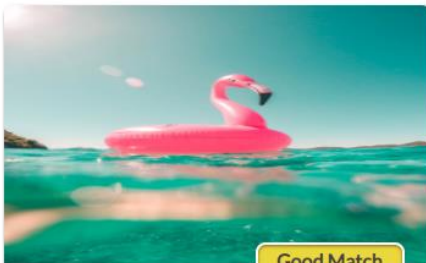

13-1 Is it possible to click 'create project' on project list page? I mean creating project needs to be in a tribe detail. Before knowing the tribe which can be one of project, we may not create a project. Anyway if you want to create a project in project list page, you need to lead to a selecting tribe page or you need to add a tribe field on creating project page...
